For those who are new to us, ALL the wines listed on this <u>entire German list</u> are EX-WEINGUT/EX-DOMAINE. i.e. direct from the producer's cellars - best provenance!				
Reichsgraf von Kesselstatt (Mosel) Founded in 1349! A popular producer in Germany. In Singapore, Kesselstatt is known among frequent flyers on SIA Business Class because it won the blind tasting tender twice. It was also served on board SIA First Class . On the local wine scene in Singapore, wine judges are familiar with Kesselstatt because of its consistent award-winning performance . 36 hectares of prime Grand Cru vineyards in Mosel, Saar and Ruwer! The famous Josephshofer (monopol) and Scharzhofberger have long charmed connoisseurs and professionals with their longevity and delicacy. RK is one of the best selling German Rieslings in SG!				
1	Majorat Brut Sparkling Riesling	2018	65	Methode Traditionelle - i.e. made in the same way like in Champagne. Medium dry and fruity (stone fruits) sparkling Riesling! Great for events and appeals to consumers.
2	Scharzhofberger Brut Sparkling Riesling	2018	75	Single vineyard - sparkling wine from the most famous German Riesling vineyard in Germany! 48 months on lees. Lovely floral aromatics and white fruits.
3	RK Riesling	2022/2023	42	Slightly sweet. This is our best selling German Riesling - great for events and weddings! Slightly sweet. You cannot go wrong with RK! It is an established name in SG. BEST SELLER!
4	Josephshöfer Riesling Kabinett Feinherb	2022	49	Slightly sweet and fruity. Our best selling Kabinett. Mosel Fine Wines 91/100. Falstaff 91/100.
5	Scharzhofberger Riesling Kabinett	2022	55	Slightly sweet. The most famous Grand Cru Riesling vineyard in Germany. This is another lovely Mosel Riesling classic which is lovely to drink in larger amounts! Distinctive minerality/salinity and elegance compared to Josephshofer above. Falstaff 93/100!
6	Scharzhofberger Riesling Kabinett (magnum 1500ml)	2017	140	Magnum format! If you are hosting a gathering or party, this tall Riesling magnum bottle will steal the show. Of course, its content will be amazing too - 2017 was a great Riesling vintage! Very limited!
7	Scharzhofberger Riesling Kabinett	2009	85	WA 91, WS 90, JR 16.5 VERY Limited! Beautiful now!
8	" " "	2007	90	WA 92, WS 91, JR 17 VERY Limited!
9	Josephshöfer Riesling Spätlese	2022	70	Medium sweet. An initial whiff wet slate on the nose, immediately giving way to an explosion of apricot, raisin, and orange chutney. These finer, fruit-driven notes underpin the wine's character. Incredibly concentrated mouthfeel, with generous, fresh interplay between sweetness and lovely acidity. Brilliant, balanced finish. Simply gorgeous. Falstaff Germany 91+ pts.
10	Scharzhofberger Riesling Spätlese	2022	75	Medium sweet. Wonderful complexity on the palate, with a lovely interplay of deep, salty minerality and dancing acidity filling the mouth. Velvety, silky elegance as well as tremendous length. Falstaff 92 pts.
11	Scharzhofberger Riesling Spätlese (MAGNUM - 1500ml)	2017	175	Very limited. Max. 1 per customer. The magnum format does not just look good. Its rarity shows that you care for your guests. In the Spätlese format, it would feed perhaps up to 15 pax. Or 8 to 10 pax if they are Riesling lovers like us! The beauty of Scharzhofberger is that you can hardly tell the residual sugar due to its higher acidity and minerality perception.
12	Scharzhofberger Riesling Spätlese (375ml)	2014	46	375ml (half bottle) format! So useful for lunch and couples! Superb complexity. Really pure and focused Spätlese. So typical of Scharzhof! We love the 2014 vintage - a classic expression of high acid and good purity German Riesling.

Kesselstatt's GGs (DRY Rieslings made from Grand Cru vineyards)				
23	Josephshöfer Riesling GG	2022	90	SOLD OUT! Ripe fruit notes reminiscent of orange zest, peach and apricot, rounded off with notable minerality on the finish. Quite intense and medium + bodied, yet good degree of finesse. Medium+ finish.. Pure pleasure with each sip.
24	Scharzhofberger Riesling GG	2022	95	This Riesling has a fine vein of flint and gooseberry as well as a delicate mouthfeel and that very typical fine saline note that many Scharzhofberger share. Good ripeness - stone fruits and citrus. Minerality wonderfully integrated into the ensemble. Tension right through to the last drop.

Dönnhoff (Nahe) Highly sought after and certainly one of the best dry German Riesling producers . 'These are some of the most justifiably fashionable and hardest-to-find Rieslings in the wine world and worth all the effort that it takes to latch on to a few bottles.' The World's Greatest Wine Estates by Robert Parker. We fell in love with their dry Rieslings when we visited them in 2009. Did you know that over 90% of the Rieslings sold in Germany are dry?! Must try. Excellent with most entrees and also with our local cuisines.				
1	Riesling trocken	2023	49	Refreshing, crisp and clean dry Riesling. Won several local awards! We have always believed that a great producer must make great entry level wines! This is one! Will be great intro to Burgundy drinkers. Consistent year in year out!
2	Tonschiefer Riesling trocken	2023	65	Actually a single vineyard dry Riesling from Oberhauser Listenberg. Quite a big step up in terms of ripeness and concentration. Tonschiefer refers to broken slate.
3	Roxheimer Hollenpfad Riesling trocken	2023	80	New vineyard acquired by Donnhoff. 2012 vintage was quickly sold out. This is ERSTE LAGE - or Burgs call it 1er Cru (one step below GG). Highly recommended. It's a stunning wine at this price. Hollenpfad literally means 'path to Hell!' because of the expression used by the harvest people who find the work up the steep red sandstone vineyard very hard. Delicate aroma yet intense. Elegance written all over...
4	Hollenpfad im Muhlenberg Riesling GG	2023	110	2023 was rated JS 99! Vinous 94-96, WA 94. This is a Grand Cru vineyard of Hollenpfad where old vines are grown. More intense minerality from red sandstone. As mentioned, above, Hollenpfad is a newly acquired vineyard. It is really good, if not they wouldn't buy!
5	Felsenberg Riesling GG	2023	110	Rated JS 98, Vinous 96-98, WA 95. Volcanic soil. A stand out mineral wine when tasted along side the other Donnhoff GGs. We like...Highly recommended!!
6	Dellchen Riesling GG	2023	125	SOLD OUT! Floral, ripe citrus, superb concentration and balanced acidity and minerality.
7	Hermannshöhle Riesling GG	2023	135	Donnhoff's flagship dry Grand Cru Riesling. Rated JS 100, Vinous 96-98, WA 96. Always our favourite every vintage - we taste without looking at scores or before scores are given! Very famous in Germany and also worldwide after winning the Riesling Cup Best Dry Riesling with his 2014 vintage that makes him the only 4 times winner!! Limited. Max. 6 per customer.

13	Hermannshöhle Riesling R	2018	130	Library release! This is their first off dry Hermannshohle . We asked for the residual sugar but not provided. Our tasting tells us that it is about 10 to 12g/l RS max. If it is any higher, it is perfectly masked by the very high acid (which we love, this will help it age well too!). Fermented in traditional oak fuder followed by 36 months of ageing in stainless steel tank. After 66 months, it was released to us this year (2025). We were impressed by the high acidity which makes it quite lean given the warm vintage. It's a big plus. Precise and pure as always. Only 1,646 bottles! SUPER COLLECTIBLE! The lower price is due to it being a non-GG! It's a German market notion that only GG commands premium! Ha! Max. 6 per customer! SOLD OUT!
14	Weissburgunder 'S'	2022/23	85	Pinot Blanc from Donnhoff! We had to coerce them to sell to us! If you like Chardonnay, you will love Pinot Blanc! All Burg lovers should try.
15	Grauburgunder S	2019	90	Oaked Pinot Gris. Really good!

A. Christmann (Pfalz) - biodynamic and organic certified One of the leading producers in Pfalz (certainly the most dynamic), Christmann is a family-run estate led by Steffen Christmann (President of the VDP) and his daughter Sophie (8th generation vintner). The estate was established in 1798. It has been practicing organic and biodynamic farming for almost 20 years! When it comes to Riesling GG, you will bound to hear their IDIG GG being one of the best in Germany! IDIG Riesling GG was also the wine that brought us to them. Today, their IDIG Spätburgunder GG also counts as one of the top Pinot Noir in the country! IDIG Grand Cru is on limestone soil - our favourite soil. No wonder, it is capable of making world-class wines that sports precision, purity and tension . Lastly, we are also pleased that they have a pet project, which in our view, has immense potential. Their sparkling wine project under the name Christmann & Kauffmann brings together their nature's gift - great vineyards in Königsberg and Gimmeldingen and the expertise of Kauffmann, ex-cellar master of Bollinger! The sparkling wine indeed rocks!! Taste it to believe!				
1	Aus den Lagen Riesling	2023	60	Lovely white peach and citrus aromatics. Good fruit intensity - typical of a village quality level wine! Grapefruit, green pear and stone fruits on the palate. Really good value for this price. Medium finish. The name Aus den Lagen means from the sites/vineyards - specifically from their 1er Cru and Grand Cru vineyards! Since 2021, Christmann decided to streamline their portfolio. Making only their Aus den Lagen and single vineyard wines (Erste Lage and GGs). For those who are new, Christmann now owns only Erste Lage and Grosse Lage. They sold off their Gutswein and Ortswein vineyards. i.e. regional and village quality vineyards. So this wine is made from declassified 1er Cru and Grand Cru! What a steal at this price! Limited bottles of 2022 available at \$65
2	Aus den Lagen Spätburgunder	2021	65	Nice red fruits (cherry) aromatics with complex capsicum notes and subtle vanilla. Very juicy and delicious - almost like Bernhard Huber style! Even more impressive nose after 30 minutes post opening. Medium-light bodied. Good structure, slight spiciness like Vosne. Lovely with food. As per above, most of the vines come from young vines of IDIG Grand Cru . No brainer because quality wise, this definitely punches above a regional level. It can easily pass off as a village quality level for a negociant Burgundy.
3	IDIG Riesling GG	2023	115	The IDIG is one of the most excellent vineyards of the Palatinate . Through their monopoly ownership, it represents the core of Christmann's estate and flagship wines . The wines produced here are among the style defining wines of the category "Großes Gewächs" and are celebrated worldwide year after year . As a court chamber estate of the Palatine electors, our vineyard, which was at that time a high lordly estate, was first mentioned in documents as early as the 14th century . The monopoly size of 4 hectares in a prime location, an absolute peculiarity, is due to the possession of the Palatine Counts for over 400 years. If you have not taste an IDIG GG, you are yet to know what a great dry German Riesling taste like!! only 2.8ha planted with Riesling . Fermented on large wooden vats - traditional vinification.
4	" " "	2022	120	-
5	IDIG Spätburgunder GG	2021	135	0.8ha upper parcels of IDIG were planted with Pinot Noir - German and Burgundian clones since 2008. About 25% whole clusters, 10% to 15% new oak. IDIG Spätburgunder quickly rose to become one of the most sought after Pinot Noir in Germany .
6	Christmann & Kauffmann Cuvee no. 103 Riesling Brut Nature	2020	78	Kauffmann was the ex-winemaker of Bollinger (yes, the Champagne Bollinger!) THE BEST sparkling Riesling we have tasted. Period! MUST BUY! Very limited. Zero dosage (Brut Nature).
7	Christmann & Kauffmann Cuvee no. 203 Brut Nature	NV	98	Blend of Pinot Noir, Chardonnay and Pinot Blanc. Approx. 70% barrel fermented. About 2 years on lees. This wine is really precise with good purity of citrus fruits and good tension. Bravo for their strong efforts given that they just started making. We suppose ex-Bollinger winemaker helps! Ha! Extremely limited . Only about 15,000 bottles made.

Van Volxem (Saar) - organic viticulture (not certified) Purchased in 1999 by the scion of one of the wealthiest family in Germany - the Bitburger beer family who also owns Gerolsteiner mineral water. Roman Niewodniczanski aims to revive the reputation of German Riesling as the most expensive and sought after wines in the world like they did in pre World War I. Dry to Medium dry styled Riesling - the way German Rieslings used to be in the 19th century and early 20th century. The best of everything and most importantly lots of human efforts are employed here to pursue this aim. In a little over 10 years, Roman has made Van Volxem wines highly sought after in Germany (his wines sell out very fast!) and has expanded from 15 hectares to now over 60 hectares - one of the largest private vineyard owners in the Mosel. We love the 'basic' Saar Riesling and the superb value Alte Reben. Almost all his wines are dry. Don't miss out the Scharzhofberger too!

Zilliken (Saar) One of the top sweet German Riesling producers! Since 1742 but it was Ferdinand Geltz (1851-1925) who built the reputation. In 1947, granddaughter of Ferdinand Geltz married Fritz Zilliken. Recently taken over by Dorothee Zilliken after understudying with her father for 10 years. Located in the village of Saarburg , Saar (now collectively known as Mosel). Only 11 hectares (10ha Rausch – Devonian slate and Diabase + 1ha Bockstein – Devonian slate and quartz, both Grosse Lage). All vineyards are steep and south facing so manual harvesting. Annual production of only approx. 80,000 bottles, all estate bottled (Gutsabfüllung). i.e. no purchased grapes even for their basic Butterfly! Wines are vinified in tradition al neutral Fuder (1000 litres oak casks). Zilliken has the deepest cellar in the Saar. Almost 100% humidity and around 11 degrees. Nearby springs. Their wines are famous for their delicacy and lightness yet with great longevity!				
1	Butterfly Riesling	2022	45	Off dry - approx 18g/l RS. 11% abv. Zilliken's best selling Riesling. Yes, even this basic wine comes from declassified Grand Cru vineyards! So fresh and pure. Must try! The name Butterfly comes from this wine being light weighted, elegant and bright stone fruits - like a butterfly. Previous vintage won GOLD at UOB-Tower Club Wine Awards 2016.

Kühling-Gillot (Rheinhessen) - Organic certified and Biodynamic farming One of the leading names of Rheinhessen. Some of us who formally learn wines know that Rheinhessen, alongside Pfalz, is the largest wine production region of Germany. However, only insiders and serious enthusiasts know that there has been a renaissance in the last 10 to 15 years in both these regions where many <u>young and dynamic winemakers</u> are taking Rheinhessen and Pfalz to quality heights. So great they easily rival the best of Mosel, Nahe or Rheingau. Kühling-Gillot is one such producer. Managed by Carolyn Gillot and her husband Oliver Spanier (the winemaker). When she took over her father's reign, Kühling-Gillot was already known but now they are certainly the flagbearers of Rheinhessen. Their Grand Cru vineyards are on the upper Rheinhessen, specifically on the famous Roter Hang (red slopes) where traditionally the best Riesling are grown. The soil here is red slate (very rare even in Germany). As you probably can guess, it is due to the high amount of iron oxide in the slates. Excellent ripe fruit intensity + good acid and mineral tension would be how we describe their wines. They have, of course, won many awards include 100 points for the Rothenberg wurzelecht GG 2018 in the Gault Millau Weinguide 2020, Best Winemaker of Vinum Weinguide 2018, Best Dry Riesling in Gault Millau Weinguide 2016 and Best Winemaker in the Falstaff Wein Trophy 2015. Once you have tasted the fruit quality and energy of the wines, you will surely agree! Even the basic Qvinterra Riesling rocks! All their wines are dry. :)

Battenfeld Spanier (Rheinhessen) - Organic certified and Biodynamic farming We visited Kühling-Gillot with the intention of tasting their wines and getting to know them before we decide to import them. We were welcomed by Oliver Spanier (the husband of Carolin Gillot and the winemaker for both Kühling-Gillot and Battenfeld Spanier) who asked us if we wish to see the vineyards first. Those were the vineyards of Battenfeld Spanier (BS) as both KG and BS wines are made in the estate of BS. We were really impressed to see the limestone soil (our favourite soil for vines closely followed slates and granite) due to the very shallow top soils on the vineyards. You could see white-ish limestone readily as you walk the vineyards. Upon our return to the estate, he asked if we wished to taste his wines - no obligation. After we tasted his wines, we were SOLD! They are very different from KG wines . The effect of terroir (soil and microclimate) could not be more evident. Hence, we decided to import both their wines. BS wines have different minerality compared to those Riesling from slate soils like KG or Dönnhoff or Mosel wines you are familiar with. The minerality is more towards the white Burgundy type of minerality or if you have tasted the Riesling from Clos Windsbühl which is also on limestone. Our experience tells us that most consumers who are new to Riesling are more receptive and preferred BS wines compared to KG. If you are new to Riesling, we urge you to try these wines! Stunning quality and will age gracefully. Oliver Spanier is definitely one of the most dynamic young German winemakers. Watch his wines closely and you will be rewarded. Like KG, they also won many awards. Most recent include being promoted to 5 grapes (world class) on Gault Millau Weinguide 2020 - making him on par with top guys like Dönnhoff, Zilliken, Rudolf Fürst, Huber etc. There are less than 20 of them among hundreds of German wine producers.

1	Molsheim Riesling trocken	2021	75	While the name suggest that it is a village quality wine, Molsheim vineyards are classified as Erste Lage (1er Cru) in the VDP classification system. The vineyards on Molsheim are rather cool as they are on an elevation. Much cooler than Hohen-Sulzen where BS are based. The vines of our Molsheim Riesling dig deep into the bare limestone cliffs, which on this site are covered solely by a thin layer of gravel. Wines here are always well balanced and quite delicate . Tremendous value! Rated Gault Millau 93/100. Limited.
2	Frauenberg Riesling GG (magnum 1500ml)	2016	230	Pure limestone! Cooler site resulting in the longest hangtime among their sites for slow ripening (like slow cooking!). Grapes of Frauenberg are the last to be harvested. So intense minerality married with good fruit ripeness and density. We find that Frauenberg appeals more to consumers compared to Herrgott which Riesling fans and serious connoisseurs prefer.
3	Schwarzen Herrgott Riesling GG	2020	110	Literally means black cross. The Zellerweg am schwarzen Herrgott is one of the oldest and most famous vineyards in Germany (mentioned as a vineyard as early as the 8th century), but has been forgotten for decades. Pure limestone too. The precision and purity of wines from here is amazing. Vintage over vintage, we were blown away. Ripe citrus, understated stone fruits and fine minerality. Real finesse and elegance here. Highly recommended and drinking well now! Falstaff 94/100.

Bernhard Huber (Baden) - organic viti (not certified) Acknowledged as the best Pinot Noir producer in Germany, Huber has won many awards in Germany and also in Singapore including the inaugural Business Times Top 10 wine with its basic Huber Pinot Noir! Huber also won Best Pinot Noir in Germany's highest circulation newspaper - Frankfurter Allgemeine. Rated by Gault Millau German Wine Guide as 5 stars and highly respected by wine professionals and sommeliers in Germany. Huber came into the limelight when the famous French wine critic Michel Bettane mistook Huber's wine as an Armand Rousseau Chambertin when he tasted blind the wine among 30 other Grand Crus from Burgundy! No wonder it's the best selling German Pinot Noir in Singapore!

1	Malterdinger Spätburgunder	2022	90	Grapes from the village of Malterdingen where Huber is located. Would be hard pressed to find a village Burgundy to match this quality unless you go for top domaines. Your Huber's journey starts here!
2	Alte Reben Spätburgunder (equivalent to 1er cru)	2022	120	Old vines. Some declassified from Grand Cru's like Schlossberg! Super value. Try comparing this with a 1er Cru Burg...Rated Weinfurore 18/20. Gault Millau 95/100.
3	Bienenberg Spätburgunder Reserve GG	2022	185	Amazing value Grand Cru! Buy this and you will know the potential of his other Grand Cru vineyards! Bienenberg is the Grand Cru that is in the village of Malterdingen where Huber is based. Falstaff 94/100, WA 93/100, Vinum 94/100.
4	" " " "	2017	210	Extremely limited
5	Schlossberg Spätburgunder Reserve GG	2022	235	Superb price for this thoroughbred! In a blind tasting in Singapore did you know that 2009 Schlossberg outshined Rousseau Charmes Charnbertin 2009? 2018: Weinfurore 19/20, WA 95/100, Vinum 94/100.

7	Wildenstein Spätburgunder GG	2022	400	Parcel/block within Bienenberg. Due to technicality, this was only awarded GG status from 2012 vintage. Another level altogether. Good minerality. So pure yet complex. Wow!
8	Breisgau	2922	60	You can regard this their 'Bourgogne Blanc' or their basic white from their region. Breisgau is the sub-region where Huber is located. Main region being Baden. Historically, they have been making white wines out of Grauburgunder (Pinot Gris) and Weissburgunder (Pinot Blanc) in Breisgau. Hence, Huber decided to reactivate this name. Yes, this is a blend of Pinot Gris and Pinot Blanc. This maybe their lowest priced wine but make no mistake, like in the past with Huber Pinot Noir, you can count on them to make it with as much care. This also has 30% new oak and barrel fermented. Like all top producers, their basic wines are their 'calling cards/business cards'.
9	Malterdinger Chardonnay	2022	90	Actually Chardonnay have been planted for more than 100 years there. In Julian Huber's hands, this wine has catapulted Bernhard Huber into a serious white wine producer, not just Pinot Noir! Approx. 30% new oak. Highly recommended!
10	" "	2021	95	Like 2021 White Burgs, this has ripeness yet great acidity.
11	" "	2020	100	Lovely balance and some complexity now! Limited to 6 per customer.
12	Chardonnay Alte Reben	2022	120	Approx. 30% new oak. Old vines. Limited 2021 available at \$125.
13	Huber Bienenberg Chardonnay GG	2022	225	SOLD OUT! Made by Julian Huber. In his own style. We were blown away by the 2014 vintage of this wine when we (including 3 somms from Singapore) tasted at the Weingut. Excellent acidity, good precision and freshness. Love the minerality. Definitely Burgundian. A big departure from his father's ripe and oaky style.
14	Huber Blanc de Blancs Sekt	2017	88	BEAUTIFUL was the only word on our notes, other than about 3,000 bottles made. No, don't think because we were tired...ha! You can trust us on this! This sparkling wine is 100% Chardonnay . Disgorged in Nov 2023 (about 60+ months on lees!). Brut Nature . Huber doesn't make this sparkling often. Last vintage was 2013. We bought good quantities of this so....if you love Champagne, you MUST try this.

Rudolf Fürst (Franken) - organic viticulture (not certified) If you are after the silkiest, most Burgundy like, elegant and pure Pinot Noir , look no further than Rudolf Fürst! Best Pinot producer from Franken region, Fürst's Pinot are <u>highly sought after in Germany</u> . We love the Centgrafenberg! On par with the best Burg producers from Chambolle Musigny but a fraction of the price...but not for long so stock up! No wonder in blind tastings among wine pros (including MWs, MS and famous personality like Jancis Robinson) held in London and Hong Kong, Fürst wines came in top 5 on both occasions! Average yield of their Grand Cru Pinot Noir is only 35hl/ha. They have also started a new plot of young vines on Hundsruck Grand Cru in 2013 at very high density planting of 17,000 vines/ha! <i>"Rudolf Fürst is an acknowledged Pinot magician in Germany, not just with Spätburgunder (Pinot Noir), but also the earlier-ripening Frühburgunder."</i> Jancis Robinson MW

1	Pinot Noir Tradition	2022	60	Entry level from Fürst yet won GOLD at UOB-Tower Club Wine Awards 2015. Silky, light bodied, refreshing red fruits. Great on its own or over lunch!
2	Spätburgunder Bürgstädter	2022	78	Village quality level. Much more fruit than the basic Tradition. Still fresh red fruits and elegant style of Fürst.
3	Spätburgunder Klingenberger	2022	100	From the village where Schlossberg Grand Cru is from. Red sandstone! More perfume, opulent yet remains fresh and delicate!
4	Spätburgunder Bürgstädter Berg	2022	125	Considered the 'little brother' of Centgrafenberg Grand Cru, this is the new name for the previous Centgrafenberg Spätburgunder. Under the initiative of Fürst family, Bürgstädter Berg received its PDO (Erste Lage in the VDP classification system) in 2016. You can consider this an equivalent of 1er Cru Burgundy.
5	Frühburgunder R	2020	110	Früh literally means early. This is an early ripening variety of Pinot Noir. Called Pinot Noir Précoce. Tend to be <u>more fruity</u> than Pinot Noir. Not as silky but certainly still charming due to its attractive fruity nature and measured acidity. Fürst is the leading producer of Frühburgunder in Franken. Grand Cru quality. Limited production! SOLD OUT.
6	CENTGRAFENBERG Spätburgunder GG	2022	155	Fürst's core Grand Cru...close to their hearts and ours. From the same village where the Weingut is located - Burgstadt. Fresh red fruits with some spice complexity. Limited.
7	SCHLOSSBERG Spätburgunder GG	2022	200	Fürst smallest Grand Cru - 2ha. From the village of Klingenberger. Red sandstone. Up to 95 degrees slope! High density planting of 13,000 vines/ha! The main plot is right above the village centre of Klingenberger. WA 95-97/100.
8	HUNDSRÜCK Spätburgunder GG	2022	275	Very limited. Very small Grand Cru - 3 ha (of which only about 2ha used in this GG, the rest of young vines declassified into Burgstadter Berg or Burgstadt!). Flagship wine of Fürst. Falstaff 98/100. WA 95-96/100.
9	Muller Thurgau Pur Mineral	2022	45	SOLD OUT. The best Muller Thurgau we have ever tasted. This humble grape variety will impress you under Fürst.
10	Silvaner Pur Mineral	2022	47	Really yummy Silvaner. The classic pairing for white asparagus you may have heard.
11	CENTGRAFENBERG Riesling GG	2019	110	Falstaff 94/100. Limited. On the lower section of Centgrafenberg. We highly recommend this wine. You will be impressed by the quality of Fürst white wines! The same pure and elegant style is carried across the range.

13	CENTGRAFENBERG Riesling GG (magnum)	2017	255	1500ml bottle. Great vintage! Collectible.
14	Chardonnay R	2022	130	From a Grand Cru vineyard called Karthäuser. Although Chardonnay is not yet classified as a grape variety under Karthäuser - hence no GG, it should be a matter of time. This vineyard with shell limestone is perfect for Chardonnay and Weissburgunder (Pinot blanc). Fürst owns about 3ha of this exceptional vineyard. VERY LIMITED!

Shelter (Baden) - organic but not certified . Just like you, we get really excited when we find hidden gems ! This time, it is a tiny 5 ha producer called Shelter from Baden, Germany. Shelter winery has been flying under the radar and not known to international wine lovers because of their very small production . Only an average of 25,000 bottles produced each year . Yes, total production! As you can imagine, almost all is sold in Germany and other German speaking countries such as Switzerland and Austria. The owner, Hans-bert , similar to our Niew Tai-Ran of Niew Vineyards, just keeps his head down and make his wines quietly. Hans-bert is even more low profile - no website and no social media! The name Shelter came about because when Hans-bert and Silke started making wines after their studies in Geisenheim (famous winemaking school in Germany), they made it out of a shelter/hanger at a disused old Canadian military air strip. Plantings: Almost entirely Pinot Noir , tiny bit of Chardonnay. Dijon clones 777 (about 20 years old now), 828, 943 . Soil: Calcareous Clay and Limestone bedrock . Vineyards are in Kenzingen and Malterdingen (yes, same village as Huber so you know it's good terroir!)				
1	Shelter Spätburgunder	2022	52	Burg-like Pinot Noir. Super small production! Entire estate only 5ha!
2	Shelter Pinot Noir	2022	88	The most delicious Pinot we have tried for a long time! Really Burg like (Vosne). Unforced and super silky and elegant styled. We highly recommend this! Only 2,287 bottles made!
3	" " "	2020	100	Elegant and super yummy! We love this a lot.
4	Shelter Pinot Noir no. 114	2022	115	Flagship of Shelter. Tiny amounts made - only 2 barrels (600 bottles!!). For your info, 114 is the address of their 'Shelter' (the ex-Canadian WWII hanger) - the place they first made wines!
5	" " " " "	2021	135	Really elegant vintage. Highly recommended!
6	Shelter Chardonnay	2022	75	Superb Chardonnay every Burg lover must try. Will surely exceed your expectations at this price. Well measured use of oak.
7	Shelter Chardonnay no. 114	2022	125	Only 1 barrel made!! For your info, 114 is the address of their 'Shelter' (the ex-Canadian WWII hanger) - the place they first made wines!
8	Shelter Brut Nature	2016	75	100% Pinot Noir so this is a sparkling Blanc de Noir . Only 3,621 bottles made! Most importantly, this is excellent! Must try!

Rings (Pfalz) - Organic certified and Biodynamic viticulture This 35ha producer is one of the rising stars in Germany. We read about them because they won several high profile Pinot Noir blind tastings which included top guns like Fürst and Huber. Subsequently, we visited them. Rings is run by two brothers Steffen and Andreas who takes care of viticulture and winemaking and their sister Simone who takes care of marketing/sales. Self taught , both Steffen and Andreas have made a name for themselves very quickly after taking over their father's fruit orchards in early 2000s! An amazing and inspiring accomplishment! We tasted across the range and was immediately impressed with their Riesling. We had high expectations of their Pinot and they didn't disappoint. The Saumagen Spätburgunder GG is indeed a superb wine from a great terroir. Saumagen is on limestone soil. It has indeed lived up to its reputation as one of the best vineyards in Pfalz. What blew us away was their Bordeaux blend Das Kleine Kreuz (small cross) and Das Kreuz (the Cross). Really well made and will give Bordeaux 2nd wine a run for their money! Highly recommend you to try them. Their Syrah Reserve is impressive too. With a new winery and having expanded by almost 10 hectares, it is evident that their wines are selling really well . Lastly, everything about them screams quality , from their new winery design, wine label and packaging. Great future lies ahead...

1	Kallstadt Spätburgunder	2020	69	Village quality wine from Kallstadt. Kalkfels = limestone. Really bang for bucks. Ripe red fruits with some minerality. No fining and no filtration. Small % of new oak.
2	Saumagen Spätburgunder GG (magnum 1500ml)	2020	285	The flagship Pinot Noir. Famous Grand Cru in Pfalz. Limestone soil. When served blind, some Burgundy lovers thought it was a Vosne Romanee! :) We highly recommend all Pinot Noir/Burgundy lovers to try this. Drink now till 2035. Max. 1 per customer. WA 94/100.
3	Das Kleine Kreuz	2017	70	Literally means small cross. Blend of Merlot, Cabernet Sauvignon, Cabernet Franc and St. Laurent. Really great value Bordeaux blend! Must try! Will give 2nd wine of Bordeaux a run for their money. Aged in part new and old French barrique. No fining and filtration.
4	Das Kreuz	2017	110	Big brother here. The Cross literally. Blend of Carbenet Sauvignon, Merlot, Cabernet Franc and St. Laurent. Aged in mostly new French barriques. No fining and filtration. Superb value for money.
5	Kallstadter Steinacker Riesling	2020	72	Classified as Erste Lage (1er Cru) . We really like the wines from this vineyard. Maybe because it is a cooler site (we love cool climate wines). Its located above the hill, high above Saumagen Grand Cru . Dry and chalky soil. Crisp, fine fruits and salty minerality. We like this. 2019 vintage available at \$75.
6	Weilberg Riesling GG	2019	115	Weilberg is a Grand Cru located on a clayey soil rich in iron oxide. Site is a 2000 years old ex-Roman winery. Expressive and complex. Long finish.
