

# Le Verre de Vin Stars In UK's Top Restaurants

The latest Michelin Star awards have revealed some exciting news for Le Verre de Vin here in the UK. Le Verre de Vin systems have been supplied to over 50 UK Michelin restaurants over the years and with the addition of 'Restaurant Gordon Ramsay' (London) in December 2007 .....

**Le Verre de Vin is now installed in all of the UK's 3 Star Michelin restaurants.**

With more than 95% of UK restaurants failing to appear in the world famous Michelin Star Guide for 2008, it is a truly fantastic achievement to be awarded one Michelin star, never mind 3! One of the 'judging' criteria for a 2 or 3 star rating relates to wine - the establishment should demonstrate "specialities and wines of first class quality". A selection of 'quality guaranteed' wines by the glass is sure to make a huge impact, both in terms of wine service and enhancing the overall dining experience.

## The Restaurants

**Restaurant Gordon Ramsay** became one of our latest flagship Le Verre de Vin users in early December 2007. The restaurant's wine list is incredible, with around 1700 bins, featuring hundreds of extraordinary wines, 30 of which are served 'by the glass'.

**The Waterside Inn** has held three Michelin stars since 1985 and came 19<sup>th</sup> in the 2005 top '50 restaurants in the World' list. The Roux family have been successfully using Le Verre de Vin in The Waterside Inn and Le Gavroche (also on the top 50 list and a Michelin winner) for over 10 years.

**The Fat Duck** is top of the class in terms of awards – 3 Michelin stars, 1<sup>st</sup> or 2<sup>nd</sup> in the top 50 restaurants list for the last four years and a past wine list of the year winner, the list goes on. Le Verre de Vin was installed back in 1995 and ensures the quality of the restaurants 23 wines by the glass, including a selection of 6 Champagnes.
